Editorial Message

Dr. Ranju Prajapati

Women Empowerment Through Education

Education is the most powerful tool for empowering women and creating a progressive society. When a woman receives quality education, she gains confidence, knowledge, skills, and the ability to make informed decisions about her life. An educated woman not only transforms her own future but also contributes significantly to the development of her family, community, and nation.

In today's rapidly changing world, women are excelling in every field—education, science, technology, business, politics, and social service. Their achievements demonstrate that equal educational opportunities can unlock immense potential and drive positive social change. Education helps women become economically independent, promotes gender equality, and strengthens their participation in leadership and decision-making processes.

As an educational institution, we have a collective responsibility to encourage and support every girl and woman in pursuing her dreams through learning. By fostering an environment of equality, respect, and opportunity, we can help build a society where every woman is empowered to realize her full potential.

Let us continue to promote education as a pathway to empowerment, dignity, and sustainable development for all women.

EDUCATIONAL NEWS

INTERNATIONAL

1. AI Transforming Global Education Systems

Artificial Intelligence (AI) is rapidly reshaping education systems across the world. Universities and schools are increasingly adopting AI-powered tools for personalized learning, smart classrooms, automated assessments, and student support services. Recent international reports suggest that educational institutions are now focusing on preparing students for AI-driven careers and digital workplaces.

Experts believe that AI is no longer just a technological trend but has become an essential part of modern education. Organizations such as UNESCO are also promoting ethical and inclusive use of AI in teaching and learning to ensure equal educational opportunities worldwide.

2. China Launches Global AI Education Service Platform

China has launched a new Global AI Education Service Platform during the 2026 World Digital Education Conference held in Hangzhou. The initiative aims to promote international sharing of educational resources and strengthen the integration of artificial intelligence in global education systems.

The platform is expected to support teachers, students, and educational institutions by providing AI-based learning tools, smart educational content, and digital collaboration opportunities. Education experts believe that this step reflects the growing global competition in developing technology-driven education models for the future.

International Education Update: Finland Strengthens Digital Learning and Student-Centered Education

Finland, widely recognized for its innovative education system, is continuing to strengthen digital and future-ready learning across schools and universities. According to recent OECD reports, Finland has introduced major digital education reforms focused on improving digital literacy, coding skills, creative thinking, and technology-based learning environments for students.

The Finnish government's "Policies for the Digitalisation of Education and Training until 2027" aims to make Finland a global leader in sustainable digital education. The initiative promotes equal learning opportunities, modern classroom technology, teacher training, and the integration of AI and digital tools in education systems. Education experts believe that Finland's student-centered and innovation-driven approach continues to inspire education reforms around the world. Recent collaborations between Finland and other countries, including India's Punjab education system, further highlight the global influence of Finnish teaching methods and digital learning practices.

Education Trends: Indian Students Exploring New Global Destinations

A recent report published by [The Times of India](#) highlights a major shift in the preferences of Indian students pursuing higher education abroad. Traditionally popular destinations such as the United States, United Kingdom, and Canada are now facing competition from emerging education hubs like Hanoi (Vietnam) and Limerick (Ireland).

According to the report, rising tuition fees, strict visa policies, and increasing living expenses in Western countries are encouraging students to explore affordable and career-oriented alternatives. Countries offering quality education, lower costs, and better post-study work opportunities are becoming increasingly attractive for Indian students.

Experts believe that this trend reflects a changing mindset among students and parents, where affordability, practical career opportunities, and global exposure are taking priority over brand value alone. The development also indicates the growing diversification of international education choices among Indian learners.

Education Trends: Indian Students Exploring New Global Destinations

A recent report published by [The Times of India](#) highlights a major shift in the preferences of Indian students pursuing higher education abroad. Traditionally preferred destinations such as the United States, United Kingdom, and Canada are now witnessing growing competition from emerging education hubs like Hanoi (Vietnam) and Limerick (Ireland).

According to the report, rising tuition fees, stricter immigration policies, and increasing living expenses in Western countries are motivating students to consider more affordable and career-oriented alternatives. Countries providing quality education, lower costs, student-friendly visa policies, and better post-study work opportunities are becoming increasingly attractive for Indian students and parents alike.

Education experts believe that this changing trend reflects a broader transformation in global education choices, where affordability, practical career opportunities, and international exposure are taking precedence over institutional prestige alone. The development also highlights the expanding global outlook and adaptability of Indian students in the modern education landscape.

Education Update: IIT Madras Pravartak Launches Free Online Course on Creative Thinking

Indian Institute of Technology Madras Pravartak Technologies Foundation has introduced a free online course titled “**Out of the Box Thinking**” (OObT) aimed at developing creative problem-solving and logical reasoning skills among learners. The programme is open to school and college students, graduates, working professionals, and individuals from all sections of society.

The course focuses on using mathematics and logic as tools to encourage innovative thinking rather than traditional rote learning methods. Through puzzles, patterns, analytical exercises, and real-world problem-solving activities, participants are trained to approach challenges from multiple perspectives.

According to the institute, registrations for the 2026 batch are currently underway and will remain open till **31 July 2026**. Since its launch in 2022, more than **3 lakh learners** have reportedly participated in the programme, reflecting the growing interest in skill-based and creative learning initiatives.

Jharkhand Education Update: 85% Students Pass CBSE Class XII Exam

Jharkhand students have shown impressive performance in the CBSE Class XII Examination 2026. According to recent reports, **nearly 85% of students from Jharkhand successfully passed** the examination this year. Girls outperformed boys with a remarkable pass percentage of **87.6%**, reflecting the growing academic excellence among female students in the state.

Education experts believe that improvements in school infrastructure, digital learning facilities, and academic support programmes have contributed significantly to the better results. The achievement highlights the continuous progress of Jharkhand's education system and the dedication of students and teachers across the state.

Jharkhand Education Update: Government Plans Residential Coaching for SC, ST & OBC Students

The Jharkhand government is considering launching a **residential coaching programme** for students belonging to Scheduled Castes (SC), Scheduled Tribes (ST), and Other Backward Classes (OBC). The initiative aims to provide quality coaching, accommodation, study materials, and academic support for competitive examinations and higher education opportunities.

The proposed programme is expected to help students from economically and socially disadvantaged backgrounds receive better educational guidance and career opportunities. Education officials believe that this initiative will strengthen educational equality and encourage more students to participate in professional and competitive fields.

Jharkhand Education Update: Digital Learning Expansion in Government Schools

The Government of Jharkhand is expanding digital learning facilities in government schools to improve the quality of education across rural and urban areas. Under various state education initiatives, smart classrooms, computer labs, digital teaching materials, and internet-based learning resources are being introduced in schools to make education more interactive and technology-oriented.

Officials stated that the programme aims to bridge the digital divide and help students become familiar with modern educational technologies from an early stage. Teacher training programmes are also being conducted to ensure effective use of digital tools in classroom teaching.

Education experts believe that the growing focus on digital education will improve learning outcomes, increase student engagement, and prepare students for future academic and professional opportunities in a technology-driven world.

5-Day Workshop-cum-Value Added Course on Computer Programme Organized

A 5-day *Workshop-cum-Value Added Course on Computer Programme* was successfully organized at SB Pandey Sanatan Teachers Training College from 04 May 2026 to 08 May 2026 under the guidance of Principal Dr. Ranju Prajapati.

The programme was conducted by Mr. Sudhir Dubey and Mr. Ajit Kumar Upadhyay in two sessions every day. The workshop aimed to enhance students' digital and technical skills through theoretical and practical training.

During the programme, students were trained in basic computer operations, MS Office, internet usage, digital teaching tools, typing skills, and presentation preparation. Practical sessions in the computer laboratory helped students gain hands-on experience and improve their confidence in using technology.

Students of B.Ed. Sessions 2023–25, 2024–26, and 2025–27 actively participated and benefited from the workshop. The programme concluded successfully on 08 May 2026 and proved highly informative and beneficial for all participants.

Successful Organization of Anand Mela

Rehala:

An “Anand Mela” was grandly organized at **SB Pandey Sanatan Teachers Training College, Rehala** with the objective of promoting holistic development, creativity, and practical learning among students. The programme was inaugurated by the Chief Guest **Mr. Dhananjay Pandey** and the Special Guest **Mrs. Jyanti**, Principal of **Sanatan Vidyaniketan School**, by lighting the ceremonial lamp.

On this occasion, the Principal of the college, **Dr. Ranju Prajapati**, addressed the gathering and stated that Anand Mela is not merely a source of entertainment but also an important platform for learning, developing leadership qualities, and building self-confidence among students. She emphasized that such programmes inspire students to become creative, self-reliant, and socially responsible.

Students enthusiastically participated in the event by setting up various stalls including food stalls, teaching-learning materials, art and craft exhibitions, games, and entertainment activities. The innovative teaching aids and creative presentations prepared by the students were highly appreciated by the guests and visitors.

Chief Guest **Mr. Dhananjay Pandey** appreciated the initiative and said that such events help in developing confidence, leadership skills, and entrepreneurial abilities among students. Special Guest **Mrs. Jyanti** praised the discipline, creativity, and talents of the students and described the initiative as highly inspiring.

The entire college campus was filled with colorful decorations, cultural performances, and a joyful atmosphere. The successful organization and management of the programme was carried out under the valuable guidance and leadership of **Dr. Ranju Prajapati**, Principal of the college.

The Anand Mela proved to be a memorable and successful event with the cooperation of the college management, faculty members, organizing committee, and students. At the end of the programme, a vote of thanks was delivered to all guests, teachers, staff members, and students for their valuable support and participation.

बी.एड. विद्यार्थियों के लिए तकनीकी ज्ञान का महत्व

आज के डिजिटल युग में तकनीकी ज्ञान बी.एड. विद्यार्थियों के लिए अत्यंत आवश्यक हो गया है। आधुनिक शिक्षा प्रणाली में शिक्षण कार्य केवल पुस्तकों तक सीमित नहीं रह गया है, बल्कि स्मार्ट क्लास, डिजिटल कंटेंट, ऑनलाइन शिक्षण एवं ई-लर्निंग जैसे माध्यमों का उपयोग तेजी से बढ़ रहा है। ऐसे में एक सफल एवं प्रभावी शिक्षक बनने के लिए कंप्यूटर एवं डिजिटल तकनीक का ज्ञान होना अनिवार्य है।

तकनीकी ज्ञान बी.एड. विद्यार्थियों को आधुनिक शिक्षण विधियों से जोड़ता है तथा उन्हें रचनात्मक एवं आकर्षक तरीके से पढ़ाने में सहायता करता है। एम.एस. पावरपॉइंट, डिजिटल प्रेजेंटेशन, ऑनलाइन शिक्षण उपकरण, इंटरनेट संसाधन एवं शैक्षणिक एप्स का उपयोग विद्यार्थियों के शिक्षण कौशल को अधिक प्रभावी बनाता है।

इसके साथ ही तकनीकी दक्षता विद्यार्थियों के आत्मविश्वास, संचार कौशल एवं व्यावसायिक क्षमता को भी विकसित करती है। वर्तमान समय में विद्यालयों एवं शिक्षण संस्थानों में डिजिटल शिक्षण को विशेष महत्व दिया जा रहा है, इसलिए तकनीकी रूप से प्रशिक्षित शिक्षक की मांग लगातार बढ़ रही है।

अतः बी.एड. विद्यार्थियों को चाहिए कि वे समय के साथ नई तकनीकों को सीखें और उनका सकारात्मक उपयोग शिक्षण कार्य में करें, ताकि वे भविष्य में एक सक्षम, आधुनिक एवं प्रेरणादायक शिक्षक बन सकें।

मानव की हरकत

सुख रहे हैं, नदियां ,झरने
सुख रहे हैं, कुएं, तालाब
जरा सोच कर सोचे ये मानव
चिड़ियां ,पशु जाए किस कोर्ट
मानव की इस हरकत से
रूठ गयी, धरती, गगन ,आकाश
बरस रही है ,धरती पर आग
पारा चढ़ा पचास के पार
रो रहे हैं, पेड़, पशु ,पक्षी
चिंता में डूबा रहा किसान
किसको दोष दिया जाए अब
प्रकृति बनाए यहां सब अच्छा
लेकिन मानव बनाकर खा गई गच्चा
मानव में अब नहीं मानवता
धरती ,गगन में हो गया परिवर्तन
रो रहे हैं, धरती पर रहने वाले लोग
लेकिन फिराक में अभी हैं मानव
अब हम जाएं किस लोक
जहां जहां गया यह मानव ,
अगर मानवता तो वह बन गये देव
गया मानवता तो ,बन गये दानव
लेखक रो-रो कर यह लिखता है लेख
अब ! कब सुधरेगा ये मानव
अब! कब सुधरेगा ये मानव

अपमान की सीमा

जंगल में एक भैंस हर दिन नदी के किनारे पानी पीते, एक छोटे हिरण को दुकानता, और बाकी जानवरों के सामने कहता, देखो इसे, जो कदम भी चलता है तो कांपता है, इतना डरपीक होके जीना बस जीवन बर्बाद करना है, पहली बार हिरण चुप रहा, दूसरी बार भी सह गया, क्योंकि वह समझ गया था कि भैंस मजाक नहीं कर रहा, बल्कि जानबूझकर उसे 'दुसका' रहा है, लेकिन भैंस और बढ़ता गया, आज डरपीक कहा, कल कमजोर कहा, और फिर सबके सामने उसकी चौटिल तांग का मजाक उड़ाया।

उस पल हिरण ने और वर्कअप नहीं किया, उसने सिर झुकाया और भैंस को जमीन पर गिरा दिया। नतीजा ये हुआ, कि वही भैंस चिल्लाया, अरे! मैं तो मजाक कर रहा था, और आस-पास के जानवर हिरण को ही गलत ठहराने लगे कि वो आक्रामक है, बहुत ज्यादा प्रतिक्रिया करता है, और उसे मजाक समझना ही नहीं आता।

लेकिन, सच्चाई ये थी भैंस की हंसी में कभी मजाक था ही नहीं! वो हमेशा सिर्फ अपमान करता था। असल जिन्यगी में भी यही होता है। कुछ लोग पहले तुम्हें चौट दैते हैं, फिर तुम्हारे गुस्से को गलत साबित करते हैं, और अंत में तुम्हें ही खोषी बना दैते हैं, कि तुम मजाक नहीं समझते।

थाक रणो हर हंसी मजाक नहीं होती, कुछ हंसी सिर्फ छुपा हुआ अपमान होती है।

जीवन

सूरज की तरह जलना होगा, तभी सवेरा होगा

शिखर पर चढ़ने की चाहत है अगर,
तो ढलानों से ना घबराना तुम,
कॉच के महलों के शृंगारों में,
पत्थरों की चोट न भूल जाना तुम।
सफलता की चमक सबको दिखाती है,
पर पैरों के काले कोई नहीं देखता,
रातों का तो सन्नाटा कोई नहीं सुनता,
अब तू दार कर भी शुद्ध को समेटता।

संध्या क्या है?

एक टूटी हुई पतंग का फिर से उड़ना है,
हर बार गिरने पर, दुगुनी वेग से मुड़ना है।
यह वो आग है जो तुम्हें राख नहीं,
बल्कि कोलाहल बनाये का दम रखती है।

सफलता क्या है?

सिर्फ ऊँचा पद या धन का अंश नहीं,
बल्कि उस "ना" को "हाँ" में बदलना है,
जो कभी दुनिया ने तुम्हारे मुँह पर कहा था।

"हो बिडर, कर साफ़"

ये सोची न कि मगा होगा

चींटी

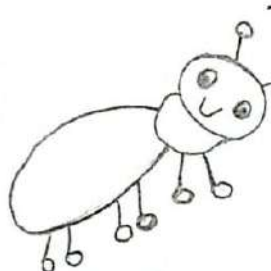

हर पल चलती जाती चींटी,
श्रम का राग सुनाती चींटी ।

कड़ी थूप हो घा हो वर्षा,
दाना चुनकर लाती चींटी ।

सचमुच कैसी कलाकार है,
घर को खूब सजाती चींटी ।

छोटा तन, पर बड़े इरादे,
नहीं कभी चबराती चींटी ।
नन्हें-नन्हें पैर बढ़ाकर,
पर्वत पर चढ़ जाती चींटी ।
काम बड़े करके दिखलाती,
जहाँ कहीं अड़ जाती चींटी ।

मैदानी ही पूजा है प्रभु की,
हमको यही सिखाती चींटी ।

हम शिक्षक क्यों बनना चाहते हैं।

जब हम में एडमिशन लेते हैं, तो बहुत से लोग B.Ed हम से पूछते हैं। सिर्फ टीचर ही क्यों बनना है? आज मैं कहना चाहता हूँ कि शिक्षक बनना कोई मजबूरी नहीं, बल्कि एक चुनाव / choice है।

एक कुम्हार मिट्टी से बड़ा बनाता है, एक सौनार सोने से ज़ेवर, लेकिन एक शिक्षक इंसान बनाता है। यही सिर्फ सिलेक्स खत्म करने नहीं चाहिए, हम यही खुद को उस कविल बनाने आए हैं कि कल जब कोई बच्चा हमें देखे, तो वह कहे - ११ में बड़ा होकर अपने सर / मैम जैसा बनना चाहता हूँ।

११ अक्सर हम समाज की गुराइयों की बात करते हैं, बिना त्याग-प्राण की कमियों की बात करते हैं। लेकिन याद रखिए बदलाव की शुरुवात कभी बाहर से नहीं होती, हमेशा खुद से होती है। अगर अगर हम चाहते हैं कि हमारे द्वारा ईमानदार और मेहनती हों, तो पहले हमें अपनी पढ़ाई और ट्रेनिंग के प्रति ईमानदार होना होगा।

११ हमारी असली परीक्षा एग्जाम हॉल में नहीं होगी, बल्कि उस दिन होगी जब हमारा पढ़ाया हुआ कोई छात्र जीवन की मुश्किलों में हार नहीं मानेगा।

११ मंजिल ऊँची को मिलनी है जिनके सपनों में जान होती है।

सिर्फ पंखों से उड़ नहीं होता, हँसलों से उड़ान होती है।

तो आइए अपने हँसलों को बड़ा करे और एक बेहतरीन शिक्षक बनने की दिशा में अपना कदम बढ़ाए।

धन्यवाद

“अगर मैं खुद पर कविता लिखू,
तो लिखूंगी.....”

चेहरे से उतनी सुंदर नहीं,
अपनी सादगी से महफूजी हूँ।
दिल साफ है, मेरा, मन में जो
आस वो बात कहती हूँ।
अंदर से भले टूट जाऊँ, पर
दूसरों को हँसाने का दूनर रखती हूँ।

आप के दौर की लड़की हूँ मैं,
पर संस्कार पुराने रखती हूँ।
जब है मुझे माँ-बाप की परवरिश पर,

जिसके लिए मैं रहती हूँ,
ताड़ना बफादार रहती हूँ। मेरी जिंदगी में,
कुछ गिने-चुने लोग हैं।
जिनसे मैं बेहद प्यार करती हूँ।
