From Knowledge to Wisdom: The True Purpose of Education

Education is much more than the acquisition of knowledge. It is a continuous journey that transforms information into understanding, understanding into wisdom, and wisdom into meaningful action. In an age of rapid technological advancement and unlimited access to information, the true purpose of education has become more significant than ever.

Knowledge enables us to understand the world, but **wisdom teaches us how to live responsibly in that world.** True education develops not only the intellectual abilities of learners but also their character, values, creativity, empathy, critical thinking, and sense of responsibility towards society.

As educators, our responsibility is not limited to preparing students for examinations or careers. We must prepare them for **life**. A truly educated individual should possess the courage to question, the wisdom to make ethical choices, the compassion to understand others, and the commitment to contribute positively to society.

The vision of **NEP 2020** also emphasizes holistic and value-based education, encouraging learners to develop critical thinking, creativity, communication skills, and strong ethical and social values. In this context, teachers and teacher educators have a vital role in shaping responsible, confident, and compassionate citizens.

Today, students have access to more information than any previous generation. Therefore, our greatest task is to help them understand how to evaluate, interpret, and use that information wisely. **Knowledge answers the question, “What do we know?” Wisdom asks a deeper question: “How should we use what we know?”**

At **S.B. Pandey Sanatan Teachers Training College, Rehla**, we believe that education should illuminate the mind, strengthen character, and inspire service to humanity. Through academic learning, co-curricular activities, NSS programmes, value-based initiatives, and experiential learning, we continuously strive to provide our students with opportunities for their holistic development.

The real achievement of education is not simply a degree or a certificate. It is the development of a human being who is knowledgeable, thoughtful, ethical, compassionate, and socially responsible.

Let us move beyond the pursuit of knowledge and strive towards wisdom—because the ultimate purpose of education is not merely to create successful individuals, but to create good human beings who can make a meaningful difference in society.

The Struggle of Life

Life is not a road of roses,
It has its storms and endless trials,
Yet every step through darkest moments
Teaches us to walk for miles.

There will be days when dreams seem distant,
And hope appears too weak to stay,
But courage grows within our hearts
When we refuse to lose our way.

Sometimes we fall, sometimes we fail,
Sometimes the world may turn away,
But every fall becomes a lesson,
And every struggle lights the way.

The road may be long, the journey hard,
The destination may seem far,
But those who keep moving forward
Eventually discover who they are.

So never fear the storms of life,
Nor let your failures make you bend,
For every struggle shapes your soul
And every hardship has an end.

Keep walking, keep believing,
Keep your dreams alive and bright—
For the darkest path of struggle
Often leads us to the light.

आज की शिक्षा : चुनौतियों के बीच विद्यार्थी

किताबों का बोझ है, सपनों का भार,
हर कदम पर दिखता एक नया संसार।
ज्ञान की दौड़ में भागते हैं छात्र,
पर मन में छिपे प्रश्नों का कौन रखे ध्यान?

तकनीक ने खोले अवसरों के द्वार,
पर स्क्रीन ने छीना एकाग्रता का आधार।
मोबाइल की दुनिया में खोता बचपन,
कम होती जाती संवादों की धड़कन।

अंकों की होड़ ने बढ़ाया तनाव,
सफलता की चाह में खोता स्वभाव।
हर छात्र चाहता है अपनी पहचान,
पर तुलना बन जाती है उसकी परेशान।

कभी संसाधनों की कमी, कभी समय का अभाव,
कभी भविष्य की चिंता, कभी असफलता का दबाव।
फिर भी हर आँख में एक सपना पलता है,
हर युवा भीतर से आगे बढ़ना चाहता है।

शिक्षा केवल डिग्री पाने का नाम नहीं,
यह जीवन को समझने का पैगाम सही।
जरूरत है ऐसी शिक्षा की आज,
जो दे ज्ञान के साथ संस्कार और आवाज़।

शिक्षक बनें साथी, विद्यार्थी बनें विश्वास,
मिलकर करें चुनौतियों का प्रयास।
क्योंकि शिक्षा तभी सार्थक कहलाएगी,
जब हर छात्र को उसकी राह दिखाएगी।

आज की चुनौती यही पुकारती है—
शिक्षा ऐसी हो, जो केवल रोजगार नहीं,
बल्कि एक बेहतर इंसान भी बनाए।

अन्याय जहाँ हो तब बोलो

अन्याय जहाँ हो तब बोलो,
पीड़ित साथ न हो तब भी बोलो।
कोई सुने न सुने, बोलो तुम,
तुम जिंदा हो यदि तब बोलो।

अंतरात्मा की सुनकर पुकार,
तुम न्याय पक्ष सदा बोलो।
कोई चाहे कोई बात नहीं,
सदा सही कर्म करो, झूठ नहीं।

उज्ज्वल भविष्य - सूर्य होगा उदित,
है सत्य “प्रकाश” सदा बोलो।
जीवन में कभी भी भय न हो,
निष्काम - कर्म का रूप न हो।

जो राष्ट्र - समाज हितकारी हो,
जीवन व्यक्तित्व के संग बोलो।
सदा विदुर - नीति आधार रहे,
चाहे धृतराष्ट्र दरबार रहे।

बन कर कर्म, कुण्ठा जगत में रही,
अन्याय जहाँ हो तब बोलो।

Mental Well-Being

Mental well-being is an important part of a healthy and happy life. It means being able to manage our emotions, deal with challenges, build positive relationships and maintain a balanced outlook towards life.

In today's busy world, stress and pressure can affect our mental health. Simple habits such as getting enough sleep, eating nutritious food, exercising regularly, spending time with loved ones and taking breaks can help us feel better. Sharing our feelings with a trusted person can also make difficult situations easier to handle.

We should remember that asking for help is a sign of strength, not weakness. By taking care of our mental well-being and supporting others with kindness and understanding, we can create a healthier and happier society. Ending with a beautiful quote

"A healthy mind is the foundation of a happy life."
